500/400 Series Mowers

ZERO-TURN MOWER

Z500X Series

-  999 cm³
-  31 hp
-  54/60/72 in
-  1-5 in

Husqvarna's flagship zero turn mower for commercial lawn maintenance. The Z500X series is complete with every comfort and performance feature offered and then taken to another level with engines that deliver higher horsepower, flat-free front tires, and extreme durability thanks to a 7-gauge steel cutting deck and cast iron blade spindles.

ZERO-TURN MOWER

Z500L/LS Series

-  852/999 cm³
-  27/38.5 hp
-  54'/60 in
-  1-5 in

The Z500L/LS series delivers ultimate performance for professional landscapers and groundskeepers. It's a complete package that's built on a foundation of strength, durability, comfort and performance. The solid, welded steel frames are rugged. Casters and the cutting deck are commercial quality. And the high performance drive system will propel you to new levels.

*54" deck only available on Z500L Series

STAND-ON MOWER

V500 Series

-  852 cm³
-  24.5 hp
-  48/54 in
-  1-5 in

The Husqvarna V500 stand-on mower represents maximum efficiency in commercial mowing. Providing zero turn capability, rapid mount-dismount, unbeatable maneuvering and ergonomic operation, operators have the best of zero turn and commercial walk behind combined. Heavy duty construction combined with industrial strength drive systems deliver long lasting operation in any commercial application.

ZERO-TURN MOWER

Z400XS Series

-  726 cm³
-  23.5 hp
-  54/60 in
-  1.5-4.5 in

The Z400XS series takes the 400-series to the next level with the additions of Kawasaki FX class engines, larger transmissions and bigger tires for faster ground speeds. Everything you need to get jobs done faster. And to make the day less taxing, we've increased comfort with a suspension seat. Dual fuel tanks extend your run time meaning more work and less downtime.

ZERO-TURN MOWER

Z400 Series

-  726 cm³
-  22/23 hp
-  48/54/60 in
-  1.5-4.5 in

The Z400 series is a true commercial mower and a great value. It's built on a solid frame and coupled with a high performance cutting deck. The smooth drive system is efficient and comfortable to operate. Intuitive controls make your long days of mowing a more positive experience.

Peace of mind.

Your Husqvarna mower is an investment in your livelihood. We want you to be satisfied with your Husqvarna purchase in every season and no matter the job you have to do. That's why we offer a limited 5 year / 1500 hour warranty* on 500 Series, and a limited 4 year / 750 hour warranty* on 400 Series.

*See participating Husqvarna dealer for details.

^aNoise emissions in the environment measured and calculated as guaranteed sound power level according to EC-Directive 2000/14/EC. The guaranteed sound power level includes variation in production as well as variation from the test code with 1-2 dB(A). Noise emissions and sound pressure level can be influenced by the cutting deck used. Declared figures are for the machine equipped with the most used cutting unit for the specific mower model. For further information, see the Operator's manual.

NOMINAL POWER The EU machinery directive (2006/42/EC) came into force on January 1, 2010, requiring manufacturers to declare the nominal power of engines, in kilowatts (kW). The power rating of the engines indicated is the average net power output during a normal working situations and meets applicable noise regulations (at specified rpm, see owner manual) of a typical production engine for the engine model measured to SAE standard J1349/ISO 1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables.

Zero-turn Accessories

500HD TRIPLE BAGGER

The 500HD collection system has a generous 12-bushel capacity, ready for extended turf maintenance or leaf and debris collection. (31 hp recommended)

DFS COLLECTION SYSTEM

Offering a more efficient way to gather debris, our convenient dump from seat (DFS) collector allows you to empty the hopper without leaving the seat.

TRIPLE BAGGER*

9 bushel 400-series bagger shown.

Available as 9 bushel (315 L) or 13 bushel (455 L), baggers feature durable mesh collection bags and are easily installed and removed.

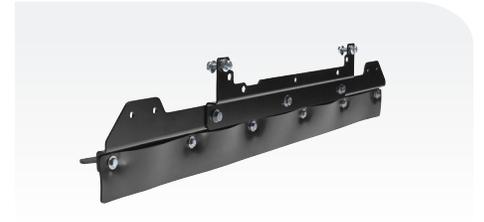

*Blower equipped models require drive kits, sold separately.

ROPS LIGHT KIT

Work light kit for zero turn mowers with ROPS allow you to work longer and safer. Rugged, bright and easy to install.

STRIPING KIT

Striping kit for Husqvarna's commercial zero-turn mowers. Durable flap installs on your mower's deck easily to leave clear, consistent grass stripes while you mow. A must-have for every mower used in professional landscaping.

MULCH KIT

Mulching can help keep lawns healthy and looking their best without artificial fertilizers. Convert your mowers to mulch mode with this easy-to-install, perfect-fit mulching kit.

MOUNT FOR BUCKET & GRABBER

Make your zero turn mower even more versatile with this easy-to-install mounting system for a debris grabber and bucket. Grabber and bucket sold separately.

TRIMMER MOUNT

This easy-to-mount system allows you to bring a string trimmer while mowing, saving separate trips and time for trimming the lawn edges.
